

IPS-USA Corporate Partnership/Sponsorship Program for Peeling Around the World Course

Thursday, March 24, 2022

2:00pm to 6:00pm

Boston Convention and Exhibition Center, Boston, MA

The International Peeling Society- USA would like to invite you to participate in our Premier annual **Peeling Around the World Course** held as part of the American Academy of Dermatology World Global Day at their winter academy meeting. Leaders in the field on the art, science, and technology of chemical peels will discuss the best practices of superficial to deep chemical peels for various therapeutic and aesthetic indications across all skin types.

This unique meeting will provide face-to-face networking and opportunities to promote your company's products and services to dermatologists interested in learning the latest techniques and products for chemical peels. We have several different branding partnership levels to meet your marketing needs.

Please contact Tara Azzano tazzano@samiworks.net or Stephanie Garrow at sgarrow@samiworks.net to confirm your participation or discuss additional opportunities not listed below.
